We asked ... "Can you tell us why you gave that response?"

I telephoned for doctor appointment and was fortunate to get appointment for the following day due to a cancellation. I have just had follow-up appointment and I am extremely satisfied with doctor, treatment and receptionists. Prior to this visit I found it necessary to attend walk in centre on several occasions due to appointments being 2 weeks away. Therefore never got to know any doctors and probably a couple of years since I had an appointment with a doctor. I hope this can continue. Thank you (Maureen Lawson).

We have had a bad year health wise and we have been looked after so well. We, at one point, needed to see a doctor 6 times in 10 days and we were always seen and treated with the utmost care and support (Susan Martin).
